# PA768T 6.3" 4G Rugged Touch Computer

4G eSIM & Wi-Fi 6E | 5100mAh hot-swappable battery | Built-in RFID up to 1.2M

Unitech introduces the PA768T, a 4G rugged mobile computer designed to elevate operational efficiency with eSIM, Wi-Fi 6E technology support, and robust outdoor durability for field service, transportation, and logistics applications.

#### Seamless and Connectivity via Wi-Fi 6E

Featuring Wi-Fi 6E technology, the PA768T rugged mobile computer delivers incredible transmission speeds and lower latency, providing users with reliable, high-speed connections to synchronize with systems and handle tasks more efficiently. It empowers users to embrace a new era of speedy connectivity for businesses.

#### Advanced Workflow with eSIM Technology

The PA768T's eSIM technology revolutionizes connectivity by removing the need for physical SIM cards, ensuring greater convenience across various industries. Embedded securely within the device, the eSIM eliminates the risk of loss or damage while enhancing security by preventing unauthorized removal. Network switching is effortless—users can simply connect to Wi-Fi, scan a QR code, or enter an activation code. Optimized for efficiency, the PA768e delivers seamless, reliable connectivity, perfectly suited to the dynamic demands of logistics, warehousing, and beyond.

#### **Reliable at its best**

The PA768T is GMS certified, helping users tackle even the toughest workdays with ease. With IP65 and IP68 enterprise-grade protection and the ability to withstand 1.8-meter drops (with bumper), the PA768e is the perfect tool for maximizing data collection, management, and traceability across transportation and logistics, field service, manufacturing, and more!

#### **Various Accessories**

The PA768T allows users to add value to their device with the standard gun grip, the optional built-in short-range UHF function or long-range UHF gun grip (RG768). Simply attach it to enable convenient standard barcode scanning and RFID scanning, with RFID reading distances of up to 1.2 meters or 15 meters, supporting inventory tracking and asset management solutions.

### Features

- Android 14 OS with GMS certified
- 4G LTE with eSIM enterprise handheld computer
- Support Wi-Fi 6E : 2.4 and 5GHz frequency as well as the 6GHz band
- Support eSIM technology: Effortless connectivity without physical SIM cards
- Superior barcode engine : 1D/ 2D/ DPM (7mil) / DOT code/ barcodes on screens/ OCR
- Multi-Scan function: Available to read 10 barcodes at one time • 1.5M drop-resistant housing (1.8M with bumper)
- IP65 & IP68 heavy-duty protection against water and dust
- True Hot-swap UL certified battery design without downtime
- Support MDM Software Solutions and utilities such as VMWare, SOTI,
- Ivanti Wavelink, and MoboLink

.....

# Operation System

#### OS Android 14 w/ GMS & AER,Upgradeable to Android 16 CPU Qualcomm Snapdragon™ 6225 Processor, 8 Cores, up to 2.4GHz Memory 6 GB RAM / 64GB Flash, UFS 6 GB RAM / 128GB Flash, UFS (Optional) Languages support Multiple languages

# Display

Screen Size Touchpanel 6.3" Color LCD 2340 X 1080 (FHD+) High Resolution Display Gorilla® Glass with Multi-Touch Capacitive Touch Panel, support stylus, glove, wet-finger Compatibility High sunlight visibility- LCD backlight up to 500nits

Indicator

LED, Vibrator

### Keypad

Programmable key, Volume up/down key, Left/right scan key, Power key

### Camera

5 MP Front camera 16 MP Rear Camera with LED flash and auto-focus function

# RFID

UHF (Option) Up to 1.2m 865~868MHz (EU), 902~928MHz (US)

Felica(ISO/IEC18092)

ΗF

Support HF/NFC, Frequency 13.56Mhz Support: ISO14443A/B, ISO15693, Mifare,

Power Source

 
 Main battery
 Hot Swappable 5100mAh Li-Polymer battery / battery with cover in one piece

 Extended battery
 7700mAh / battery with cover in one piece (optional)

 Hot Swap
 Yes

Android Enterprise ready EMM for monitoring device health and managing apps, configs and files

**Battery** info

Monitor advanced Battery health and manage the battery replacement cycle. Use with MoboLink to get real-time attery health alerts delivered to your phone.

**USS** Profiles

Configure all scanner

settings with friendly user

interface and enable the

service to make scanning

data as kevpad input.

UNote

A simple text viewer and

editor for use in your work

flows.

USS

Barcode-based device staging utility offering hundreds of script commands for you to work with

Software Update

Check and install software updates online. To let a device always stay up-to-date, setup the device to automatically check and install for updates on boot up.

**USS Camera** 

Capture barcode data using

the device camera and send

the data to your

applications as keyboard

inputs.

Startup

Auto-run apps when

device boots up.

If you are using a third party EMM, OEMConfig will allow those EMM solutions to configure unitech specific settings on the device.

# System Update Center

Check and install firmware updates via FOTA. You can update the firmware via online FOTA server, or by using a OTA ZIP file placed in the internal storage.

Secure your devices by kiosking them with Enterprise Launcher. Block access to the Android system and only allow limited number of apps to be run.

For versatile functions of RFID command via integrating with Unitech RFID Readers.

#### ScanBridge

A powerful scanner app for iOS, Android and Windows. Easy pairing, auto setup, advanced editing and validation tools streamline your scanning.

# **NTP Server Settings**

Customize the NTP server setting to keep your device date and time synchronized.

**Enterprise Keyboard** 

Enterprise Keyboard gives various methods for user to input data to enhance efficiency and productivity.

KeyRemap

**Productivity and Utilities** 

to act as another key or to launch an app.

# Unitech Scanner Utility

An Android application which helps users connect, configure and use a supported Unitech Bluetooth scanner.

Reprogram physical buttons

WLAN Advanced

Configure advanced WLAN settings such as power saving mode and roaming parameters.

An easy and fast way to get logs from a device.
